

GANAPATIPULE

The Holy Confluence of Shri Ganesha, Shri Adi Guru and Lord Jesus Christ.

Discovery of Ganpatipule by Shri Mataji

Just before the seminars of Ganpatipule started in 1985, Mr. Chavhan and seven yogis went with Shri Mataji to conduct a Public Programme in Ratnagiri. After concluding the programme, they were to board a ferry back to Mumbai from Jaigad port. Since the ferry was delayed, Sahaja Yogis, accompanying MothersoughtHer permission to see the Shri Ganesha temple which was only half an hour away from Ratnagiri. Shri Mataji kindly consented and all of them reached the temple by car. Shri Mataji went inside the temple where stood the Lord Ganesha's *Swayambhu* Idol T THE sea level. On coming out, Shri Mataji told the yogis that 'This *Swayambhu* is awakened and very powerful, much more powerful than the *Swayambhu*Ashtavinayakas of Maharashtra.'

Shri Mataji then said, "This place would be used for our International Seminars. She further said that Ganpatipule *Swayambhu* has very powerful vibrations of Shri Ganesha, the Indian Ocean, i .e. Void governed by Adi Guru Dattatreya. So by coming here at least two Chakras - Mooladhara and Void would be cleared.

Seeing Sahaja Yogis thinking as to how they will arrange a big seminar at this unknown place, Shri Mataji said "So you are now worried about how to do this". Don't worry, I will do everything and will tell you what to do in good time and automatically everything will workout."

By then it was sunset. Shri Mataji asked the Sahaja Yogis to look over the Ocean and notice the direction of the waves. She said, "Now watch, I will change the direction of waves. " Shri Mataji walked towards South and all the waves went to the South. The Shri Mataji started walking in the other direction, and all the waves followed Her ! Then Holy Mother stood still and all the waves also became still. They seemed to be waiting for next instructions. You may be doubting &

thinking that possibly the wind is doing this, so I will show you again, Shri Mataji the repeated the miracle all over again to remove any lingering doubts in the minds of the Yogis. She told them that She had performed this miracle earlier in the US as well..

Shri Mataji showed the second shown at the Jaigad Port. As She desired, a powerful beam of light slowly emanated from the Ganesha Swayambhu and went straight to the heavens.

This in brief is the discovery of Ganapatipule by Shri Mataji as the prime destination for pilgrimage by Sahaja Yogis. This was already predicted by the Noble Laureate Shri RabindraNath Tagore several decades ago when he wrote in his Gitanjali that "The whole world will meet on the shores of Bharta". Shri Mataji actualized his prediction in 1985 when She organized the first international seminar including the Christmas Puja at Ganapatipule, which was attended by Sahaja Yogis from all over the world

Shri Mataji's Instructions for Sahaja Yogis With Regard to Ganapatipule

In Her Hindi *pravachan* of Christmas Puja 1998 Shri Mataji made a fervent appeal (which is like *aadesh* for all of us) for all Sahaja Yogis and specially those from North India to come to Ganapatipule for their own growth and also to spread vibrations for the benefit of the seekers of Maharashtra. Should we not, therefore, avail ourselves of this opportunity to go to Ganapatipule Seminar, lovingly blessed and sanctified by the Divine Mother Herself, worship Lord Jesus Christ, pay our respect to Shri MahaGanesha and Shri Adi Guru and receive their blessings all in one pilgrimage.

Jai Shri Mataji.
